

## NC STATE LANDFILL BANS

State environmental officials encourage North Carolinians to do their part to keep recyclable materials out of Landfills. Recycling is a proven job creator in North Carolina and if we always do our best to recycle, we will grow businesses in the state, recover valuable resources, save energy, reduce greenhouse gas emissions and protect landfill capacity.

### Thank you for doing your part!

The following materials are BANNED from LANDFILL DISPOSAL in NC and MUST be RECYCLED.

Aluminum cans	Televisions
Antifreeze	White goods (appliances)
Computer equipment	Whole scrap tires
Lead acid batteries	Wooden pallets
Motor oil and filters	Yard waste
Plastic bottles	

Beverage containers from ABC permitted facilities.

Fluorescent lighting and Mercury thermostats are banned from disposal in any unlined landfill.

MAKING. LIVING. BETTER.

## Solidwaste and Recycling Services

## CURBSIDE COLLECTION SERVICES

The **automated waste collection system** uses one type of roll-out cart that will be serviced by automated equipment.

This means that only one person will be operating the truck and no one will be riding on the back, making the process faster and safer.

The roll-out carts provided by Republic Services are stable and designed to not blow over, even in high winds. Lids are attached and snug-fitting to keep out pests and animals. The carts also have a smooth interior, making cleaning easier.

### TO HELP SERVE YOU BETTER, REMEMBER TO:

- ◆ Please place all carts within 4 feet of the curb with the handle and wheels facing away from the street.
  - ◆ Make sure the carts are at least 4 feet from trees, mailboxes, cars, other carts, yard waste, recyclables or any other obstruction.
  - ◆ Only items that are placed in the carts will be collected by the automated truck. **Due to safety reasons, please do not leave trash or garbage outside the roll-out carts.**
  - ◆ If you regularly generate more household garbage and recycling than your roll-out carts will hold, call customer service at (828) 256-2158 to order an additional cart. Additional carts for rural customers may be rented for \$1.50 per month. Municipal cart fees vary.
- To arrange for residential curbside service, please contact

Republic Services at (828) 256-2158 and start enjoying the many benefits of the program!

## CONVENIENCE CENTER RECYCLING

Tires must be free of mud and water and rims must be removed before disposing. Please call (704) 462-1348 for further instructions.

### PLASTIC BAGS

The best way to recycle Plastic Bags is to return them back to shopping centers and grocery stores located throughout Catawba County.

**\*Do not put plastic bags in the recycling cart\***

## CURBSIDE COLLECTION SERVICES

For Residents living in the unincorporated areas of Catawba County

### Roll-out Cart Use:

#### GARBAGE

- ♦ Collection occurs **once a week**. Please place your cart at the curb (with the cart handle facing your house) the night before or by 6:00 a.m on your designated pickup day.
- ♦ Make sure all garbage is tied in plastic bags and fits inside roll-out carts with the lid closed.
- ♦ Please secure all dangerous materials in separate bags in your garbage including broken glass, light bulbs, and sharp pieces of metal. This will prevent injuries for you and the collection personnel.

#### RECYCLING

- ♦ Collection occurs **every other week** on your regularly scheduled garbage day. Please place your recycling cart at the curb (with the cart handle facing your house) the night before or by 6:00 a.m on your designated pickup day.
- ♦ Properly prepare your recyclables by rinsing and flattening (if possible).
- ♦ Please do not bag your recycling! The single stream recycling system collects materials all together. No separation needed.

**If your cart is damaged or stolen or if you have any questions about curbside services, please call Republic Services at (828) 256-2158.**

## RECYCLING what's it all about?

Recycling is a way of diverting solid waste from our landfills. It's about turning trash into commodities. It's a responsible, cost effective way to help solve disposal problems. Recycling helps preserve our natural resources, reduce pollution and saves energy.

### Recycling Just Makes Sense!

#### What if I am unsure about whether something can be recycled?

Please contact the County's Waste Reduction Office at (828) 465-8217 or Republic Services at (828) 256-2158 or visit the County's website (Utilities and Engineering Dept) at [www.catawbacountync.gov](http://www.catawbacountync.gov).

#### Want Curbside Pickup?

For information on residential curbside recycling and garbage pickup, please contact Republic Services at (828) 256-2158.

#### Residential Curbside Service Fees:

**Residential Recycler: \$20.06 monthly** (Includes cart rental)

Non-Recycler: \$27.11 monthly (Includes cart rental)

Additional carts for rural customers may be rented for \$1.50 per month.

## HARD-TO-RECYCLE MATERIALS

Services offered to ALL Catawba County Residents

### ELECTRONICS RECYCLING

A permanent  
residential electronics  
collection is available  
at the Blackburn  
Landfill year round,  
free of charge.

Call (704) 462-1348 for hours.

Types of acceptable electronics:

- |               |               |
|---------------|---------------|
| ◆ Computers   | ◆ Stereos     |

### PAINT RECYCLING

A permanent  
residential paint  
collection is available  
at the Blackburn  
Landfill year round,  
free of charge.

Call (704) 462-1348 for hours.

Helpful hints: Empty paint cans (no liquid or lids) can be disposed in regular household garbage. Cans that contain paint can be left in a well-ventilated area to allow liquid to dry, and if necessary add mulch, sand, or kitty litter to accelerate the drying process. Once the paint is completely dry it can be disposed in the regular household garbage.

### YARD WASTE

Leaves and grass clippings (debagged) are accepted at the Blackburn Landfill, free of charge.

Also, Republic Services provides a yard waste collection service (only to existing customers) to

include small woody waste (wood and other yard waste such as leaves, vines, etc) on an on-call basis to customers for a fee of \$2 per 32-gallon bag collected. Bags must be biodegradable.

A minimum of \$20, or ten bags, would be required per service call.

### CONSTRUCTION AND DEMOLITION RECYCLING

The C&D Landfill and Processing area is located at the Blackburn Landfill. Asphalt, concrete, brick, and block are accepted for recycling at no charge only if material is free of steel reinforcements.

Clean and uncontaminated natural wooden pallets, furniture blocks, and wood are also recycled at the Blackburn Landfill at no charge.

For materials containing reinforcements and for treated or painted wood, refer to the fee schedule on the County's website for more information.
